INFORMATION DISCLOSURE STATEMENT

Dear Sir:

- 1) Pursuant to 37 C.F.R. 1.56, 1.97 and 1.98 applicants enclose a Form PTO-1449 and make of record the documents listed thereon. A copy of the International Search Report issued in the counterpart PCT International Application on January 7, 2004 is enclosed. Copies of references AA, AB and AD to AF are not (and need not be) enclosed, because they were transmitted to the USPTO by the International Searching Authority in the International processing of this PCT Application.

- 2) This statement is being filed concurrently with the above identified new PCT National Phase Application.
- 3) References AA to AC are in English. Reference AF has been discussed at page 1 of the specification. English Abstracts of References AD to AF are enclosed. Reference AF corresponds to AC, from which the relevance can be determined in English. Therefore, no further discussion of the references is required.
- 4) Moreover, the enclosed Search Report indicates the degree of relevance of each of the references AA, AB and AD to AF by category (A = technological background). Thereby, a concise explanation of the relevance has been provided (see M.P.E.P. §609).
- 5) The Examiner is requested to consider all references of record, return an initialed copy of the enclosed Form PTO-1449 and ensure that all references of record are printed on any patent issuing from this application.

Respectfully submitted,

Klaus JACOBI et al.
